OB TRAX CAM

The All-New Obsession TRAX Cam creates a whole new level of performance. You asked for fast and Obsession Delivers. Obsession’s TRAX Cam features the fastest speeds and highest let-off in Obsession history. The TRAX cam system means business constructed with 6061 Alloy Aluminum, high-performance draw-specific modules that no longer require a bow press. This means less time behind a press and more time in the field. Without sacrificing the smooth-draw characteristics you’ve come to know and expect from Obsession, this cam system is built to break norms and knock down barriers.

These bows feature the TRAX Cam:

U.S. Patent # 6,990,970
The New 2019 Lawless cracks the mold of the industry’s standard and redefines what a Speed bow is meant to be. Delivering up to 370 FPS, the LAWLESS takes advantage of a longer frame and NEW OB TRAX cam system to produce industry leading speeds and extreme let off with no vibrations. The 2019 Lawless is the finest performance bow ever designed!
The 2019 FX6 is built to be better. At 32 3/4” axle to axle and a 6” brace height combined with the New OB TRAX cam system, The FX6 produces intense speeds and a perfectly smooth draw cycle. The new 3 Track OB TRAX cam allows up to 90% let off ensuring you lock in on your target and hold as long as necessary.
The number ‘7’ is an iconic symbol of consistency and success. The New 2019 FX7 delivers both thanks to a 7” brace height and the New OB TRAX cam system. Ideal for the shooter seeking high speeds, longer draw lengths, a larger brace height and consistent shots.

CAM OB TRAX

MSRP $999
Stability and accuracy are crucial to any hunter or target shooter. The New 2019 FXL focuses on both aspects using a 34.5” axle to axle and the New 3 Track OB TRAX cam system. The New FXL is the perfect combination of Speed and Stability, making it THE perfect bow for both hunting and the 3D course.
Stand out from the crowd. Designed for those who refuse to lose, the All-New 2019 Obsession Bows’ Final Pro X3T is the birth of innovation and success. Consistency is key when your focused on the ‘10 ring’ in that clutch opportunity. High pressured competitions require high-performance bows. Built by those Obsessed with the best, don’t settle for anything less.
HYBRID RZ CAM
The Hybrid RZ Cam features an inter-rotating module so you can make draw length adjustments without the use of a bow press. The Hybrid RZ Cam aims to please, featuring adjustability, smoothness and speed all packaged into one cam.

HYBRID SD CAM
With superior adjustability, the Hybrid PR Cam features a progressive cam with a smooth draw cycle. With the ability to adjust with the archer, the Hybrid PR Cam is the only cam you will need for years to come.

FX RISER DESIGN
Our signature FX Riser design is the pinnacle of performance and accuracy. The stiff riser design reduces flex while adding superior stability during your draw cycle.

FX LIMB POCKET
Extra-Performance Bows require Extra-Performance limb pockets. Our all-new FX Limb Pocket, is a 3-piece, lightweight rigid design creating precise alignment from the riser to the limbs, reducing cam lean and eliminating limb torque throughout the draw.

TORQUELESS ANGLED CABLE ROD
Not only does the Anti-Torque Cable Rod increase speed, but makes for a smoother draw cycle. The Torqueless Angled Cable Rod reduces cam lean and torque for a smoother draw shot after shot.
AXION LIMB DAMPENER
If you thought Obsession Bows were already quiet, we've made them even quieter by pairing up with the Axion Limb Dampener system that promotes unparalleled noise and vibration control, resulting in a more accurate, quiet shot.

ADJUSTABLE STRING SUPPRESSOR ROD
Obsession Bow’s All-New Adjustable String Suppressor Rod is the most alterable string stop that minimizes vibration, provides a more consistent arrow exit and offers plenty of character found common in Obsession Bows.

TORQUELESS CUSTOM GRIPS
Whether on the range or in the field, Obsessions Bows come outfitted with TorqueLess Custom Grips to perform under any circumstance. Torqueless Grips are professionally designed to deliver accuracy through consistent and proper hand alignment.

REAR STABILIZER MOUNT
With our already quiet and dead-in-the-hand feel, Obsession has included an all-new rear stabilizer mount on all new models with the FX Riser Design. This convenient mounting location allows the archer to easily use a rear stabilizer.
